National Mentoring Month

Did you know that **January is National Mentoring Month?**

Research shows girls and underrepresented students benefit from relationships with role models and mentors who can provide valuable information about future careers. Within the world of STEM, we know this to be especially true. Help youth connect with a STEM professional near you!

The FabFems Project: A collection of resources for role models, educators, and parents to inspire and educate girls about science, computer science, technology, engineering, and mathematics courses and careers. The website includes **Resources for Role Models** and **Resources for Girls**.

Continuing work with the Mozilla Web Literacy Clubs in Umatilla

Oregon Open Badges Work Group: Badge Design Worksheet

Print one copy of this page for each badge you'd like to design

*Your badge doesn't have to be a hexagon

Badge Name:

Description: What does earning this badge signify?

Learning Content:

Is this badge awarded for achievement in an existing learning program or is it for new content?

Assessment:

How will achievement of the criteria be measured?
(options include: formal assessment, program completion, participation)

Criteria:

What do participants need to do to earn the badge?

What evidence, if any, should be published with the badge?

Who will perform any necessary assessments?

Badge Development Checklist
